with reference to your letter dated 29-07-2017 and in continuation to this office letter dated 06-09-2016, it is once again to mention that M/s. Provident Welworth City Developer has availed power supply by constructing 66/11 kV sub-station along with 66 kV line from 220 kV Doddabalapura sub-station under self-execution basis as per Conditions of Supply of Electricity of Distribution Licensee in the state of Karnataka.

Hence, the entire work of establishing 66 kV sub-station and 66 kV transmission line is in the scope of the M/s. Provident Welworth City. However, the developer as on date has not completed the above work under self-execution as approved under ref-(3).

In view of the above, M/s. Provident Welworth City has to complete the 66 kV sub-station and associated line for commissioning of the sub-station.
